

BARTENDER AT TATA

ABOUT HOTEL SANDERS

Tucked behind the Royal Danish Theatre in the historic centre of Copenhagen, Hotel Sanders is a refined and intimate boutique hotel shaped by a passion for understated luxury, hospitality, and a sense of place. Part of Kolpin Hotels, Sanders blends the elegance of classic service with a relaxed, theatrical charm, creating experiences that are high-end yet low-key. At the heart of the hotel lies TATA Cocktail Bar – an elegant and cozy space inspired by the world of theatre, named after the iconic red curtain that once hung at the Royal Theatre. With plush velvet seating, intimate lighting, and an inviting ambience, it is a classic cocktail bar in appearance, yet welcoming and intimate in atmosphere. TATA is a gathering place for both guests and locals – a quiet stage for conversation, connection, and beautifully composed drinks.

ABOUT THE TEAM

At TATA, our team is a reflection of craftsmanship and character – each of us bringing our own unique experience, perspective, and touch. We see TATA as our home, and every day we open the doors to invite people in to have a drink with us. We host them in our own environment, tailoring each interaction, using our different approaches to achieve harmony in the bar. The balance between team members, symbolizes the balance between guests. We are all in this together, for together we are TATA.

ABOUT THE ROLE

Being a bartender at TATA goes beyond making drinks. It means taking ownership of a space – caring for it, contributing to its atmosphere, and elevating the guest experience. As a team, we operate without hierarchy. Every task is shared, and every shift is a collective effort. We support one another, knowing that our strength lies in collaboration. Hospitality is at the heart of what we do. Guests come to TATA not just for cocktails, but for connection, escape, and inspiration. Your role is to help facilitate this - to welcome guests into our world, encourage meaningful interactions, and offer moments that feel personal, bespoke and memorable.

As a member of TATA we do not create drinks, we create memories.
