

MORNING WAITER AT HOTEL SANDERS

ABOUT HOTEL SANDERS

Tucked behind the Royal Danish Theatre in the historic centre of Copenhagen, Hotel Sanders is a refined and intimate boutique hotel shaped by a passion for understated luxury, hospitality, and a sense of place. Part of Kølpin Hotels, Sanders blends the elegance of classic service with a relaxed, theatrical charm, creating experiences that are high-end yet low-key.

OUR TEAM

As a Morning Waiter at Sanders, you will be part of our dedicated Food & Beverage team, helping to create memorable mornings for our guests in the hotel restaurant. With a focus on warm hospitality and impeccable attention to detail, you will help set the tone for the day—ensuring every guest is welcomed, cared for, and sent off with a smile. This is a hands-on, guest-facing role that plays a key part in our daily rhythm. You'll be working closely with our kitchen, front office, and other teams to deliver smooth, thoughtful, and elegant breakfast service—the Sanders way.

ABOUT THE ROLE

We are looking for a positive, presentable, and service-minded individual to join our team as Morning Waiter. This role is ideal for someone who loves early starts, takes pride in offering calm and composed service, and understands that it's the little touches that leave lasting impressions.

You will be responsible for welcoming guests to breakfast, taking orders, serving food and drinks, and ensuring that all morning operations run smoothly. Whether it's remembering a regular guest's coffee order or assisting with a last-minute room service request, your presence will help define the guest experience at the start of their day.

We value genuine warmth, initiative, and a good eye for detail—if that sounds like you, we'd love to hear from you.
